- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), AI Concepts, Data Science Basics

PROJECT WORK

Amazon Prime Video UI Website | *HTML5, CSS3, JavaScript*
GitHub : https://github.com/ravindrabedade02/amazon-prime-video | Live Demo : https://ravindrabedade02.github.io/amazon-prime-video/

- Developed a **fully responsive frontend clone** of the **Amazon Prime Video** user interface using **HTML5, CSS3, and JavaScript, implementing responsive layouts** and **reusable UI elements** across different screen sizes.
- Optimized **web elements and media** assets to support faster page-loading performance.
- Designed and structured the user interface to provide consistent navigation and visual presentation across different devices.

Ice-Cream Parlour Website — "Flavour" | *HTML, CSS, Bootstrap*
GitHub : https://github.com/ravindrabedade02/IceCream-Parlour | Live Demo : https://ravindrabedade02.github.io/IceCream-Parlour/

- Developed a fully responsive frontend website for **"Flavour" Ice-Cream Parlour** using **HTML, CSS, and Bootstrap, featuring menu showcases, interactive order forms,** and **responsive navigation**.
- **Structured reusable page sections** and **responsive components** to maintain a consistent user interface across different devices.
- Used **Bootstrap** and **responsive CSS techniques** to maintain consistent layouts across different screen sizes.

EXPERIENCE

Global Source Technology — Jan 2026 - Mar 2026
Web Development Intern — *Nashik, Maharashtra*

- Developed 5+ responsive web pages using HTML, CSS, Bootstrap, and JavaScript for client-facing projects.
- Converted design requirements and mockups into clean, structured, and functional web pages.
- Integrated external tools including Google Maps and social media buttons into web pages.
- Collaborated on live client projects and used Git/GitHub for source-code management and version control.

Cyber Sanskar — Jun 2024 - Aug 2024
Web Development Trainee — *Nashik, Maharashtra*

- Built responsive web layouts using HTML, CSS, and JavaScript for desktop screens.
- Tested web elements across desktop and mobile browser displays to support cross-browser compatibility.
- Converted design mockups into clean and functional web pages.
- Assisted in writing clean and structured code for active web-development assignments.

CERTIFICATIONS / ACHIEVEMENTS

- Introduction to C++ Course Certificate — LearnTube.ai | Feb 2025
- Python Advanced Assessment — LearnTube by CareerNinja | Sep 2024
- Certificate of Completion in HTML Training — Spoken Tutorial Training
- Certificate of Completion in Java Training — Spoken Tutorial Training
